UPGRADE INSTRUCTIONS

The files needed to perform an upgrade have already been copied over during the installation of this manual. To apply your upgrades please follow the steps below:

1. On your desktop, locate and open the Provider Electronic Solutions folder and double click on UPGRADE. If you no longer have that folder access it through Start >> Programs >> AL EDS Provider Electronic Solutions >> Upgrade.

2. Click YES to apply the upgrade, and OK to begin.

3. The Welcome Screen should appear. Click NEXT.

4. Once it has completed, click FINISH.

*If you have questions about this process please call the EMC Helpdesk at 800-456-1242.
